California Department of Fish and Wildlife Marine Region Month, 2019

This Enhanced Status Report (ESR) is currently under development. Since it is a draft, do not copy or disseminate it. If you plan to use information from this document, first check with the California Department of Fish and Wildlife (CDFW) author(s) as this information may have been revised. A completed ESR is expected to be available in Fall 2019 at which time it will be posted on the CDFW Marine Region website. We expect the ESRs will be posted in mid-2020 on the California Fisheries Portal. If you have any questions, please contact Debbie Aseltine-Neilson, Senior Environmental Scientist Specialist, at Debbie.Aseltine-Neilson@wildlife.ca.gov.
